Photography using composition techniques

The assignment:

- Take photos that show **any 4 different composition techniques of your choosing**
You should take a minimum of 20 photos. Pick your best to turn in.
- Use your camera and the proper settings: ISO, white balance, aperture, shutter speeds.
Don't forget to focus! Out of focus photos will not be accepted.
- Take photos of PEOPLE in and around the school. Work to capture an interesting moment.
Avoid posed photos! Avoid photos of people in this class! Avoid hallway photos! Find an interesting moment!
- Download and edit your photos. Follow the 10 Step Editing Process.
- Make a contact sheet. Print it. Write your name on it and turn it in.
Please circle in red or a bright color the four photos you used.
- Turn in four photos on the InDesign Turn In Template
Each photo should be **labeled with the technique used**. This is the only caption requirement.
Create a PDF and upload it to the appropriate Google Drive folder for your class
