### Math (With Calculator) –

- 1) You have 1 min and 27 seconds per question. Let's look at 5 questions.
- 2) Remember the Now, Later, Never Strategies. If you need to review these with your students, they are in this week's folder. Don't leave any question blank. Practice your Letter of the day and the Elimination strategy for guessing.
- 3) You want to post the passage where students can pull it up to read this.
- 4) They have 8 minutes and 42 seconds to complete.
- 5) Answers and Explanations are posted separately.
