

How to Buy A Yearbook Senior Ad Online

*Save money by
ordering online at
yearbookforever.com!*

**DEADLINE:
OCTOBER 4**

1

Select Photos

Check our policies on the contract to see what we can or cannot print. We request a current/senior photo. You must have copyright agreement for all professional photographs from the photographer. We can use as many photos as you want, but the more you have the smaller they are. We suggest 3 for an eighth page, 4 for a quarter, 8-10 for a half, 10-15 for a full page.

2

Image Quality

We want your photos to look amazing, so make sure your photos are scanned at 300 dpi. You can take photos to any retail photo department for scanning. Digital images from cameras and photos can be submitted as well. Older model cell phone photos may not be suitable for printing.

3

Write Your Message

Type your message in a word processing software and check for errors. We'll run exactly what you submit. Keep the words to a minimum to allow room for more photos. Due to copyright restrictions we cannot publish song lyrics or poetry. Bible verses are acceptable.

4

Chose An Ad Size

We can fit as many photos as you want in any size of ad, however the more you cram, the smaller the photos will be. Remember — ordering online saves you money.

5

Submit All Materials Online

Once you have your photos, your written message and a credit card for payment, log on to www.yearbookforever.com and search for Mansfield Legacy High School. Fill out the form and submit materials and payment.

6

Your Proof

You'll receive a mailed or emailed proof of your ad within a month. If you don't, it's important you call one of our advisers at (682) 314-0717. When you get the proof, call or email with any corrections.
